To

The Dewan of Mysore.

Dated Bangalore, 1st March 1906.

Sir,

I am directed to invite a reference to my letter No. 1699, dated the 22nd March 1905, communicating the consent of the Madras Government to the proposals made by the Durbar with regard to the clearance of the boundary line between the Mysore State and the Malabar district.

2. It has now been suggested by the Government of Madras that similar arrangements should be made for the clearance of the boundary line between Mysore and the Coimbatore district, and I am accordingly to enquire whether the Durbar agree to reclear annually that half of the width of the cleared boundary line which adjoins Mysore territory.

3. As regards the preliminary clearing, it is understood that the Mysore Forest Department has already cleared and fire-traced a portion of the boundary line, and the Madras Government accordingly propose to complete the fire-tracing of the remainder at the cost of their Forest Department.

I have the honour to be,
Sir,
Your most obedient servant,

For First Assistant Resident.

B. K. Venkatavaradaiengar Esq.,
Secretary to the Government of His Highness the Maharaja of Mysore,
General and Revenue Departments, Bangalore.

SIR,

Referring to your docket No R.11801/Ft.155-05-2 dated the 14th March last, regarding the clearing of the boundary line between the Mysore and Coimbatore Districts, I have the honour to state that the total length of our Forest boundary bordering upon the Coimbatore District is 33½ miles, the whole of which has been cleared to a width of 66'. Of this length, the line runs for 22 miles through forest land and the rest through grass land. Hitherto the whole length used to be cleared and fire-traced by us without the aid of the Madras Forest Department. It is now proposed by the Madras Government that arrangements similar to those sanctioned in the case of the boundary along Malabar, by which half the width of the line is cleared and fire-
